THE NEW

CEDAR FURNITURE

An Inviting, Restful, Artistic Furniture
for the Home, Summer Cottage or Club.

The Tobey Furniture Co.

Wabash Avenue and Washington Street

CHICAGO

THE NEW CEDAR FURNITURE

The New Cedar Furniture fulfills all requirements for an artistic durable furniture especially appropriate for summer use.

It is made in the section where the cedar grows and is built in the "roomy" designs so well calculated to give rest and comfort in the hot weather.

Its construction is very strong, the joints being mortised and pinned, and it will therefore stand hard usage and give long and satisfactory service.

Some of the chairs and couches have the bottoms corded like an old fashioned bedstead, and are fitted with denim or roanskin cushions filled with the fragrant fibre from the long leaf Southern pine.

Others have seats and backs of a strongly braided fibre similar in appearance to rush, but more durable, and which, being lacquered, is practically water-proof.

The color of the New Cedar Furniture is a rich dark green that suggests the hues of summer foliage and expresses not only beauty of tone but consistency with the purpose of the furniture.

For the summer cottage, the porch, the club-house or any other situation where cool restful furniture is desired, this new style is one of the most desirable we have ever introduced.

Attention is called to not only the features above mentioned, but to the prices which are remarkably low for furniture of such exceptional merit.
